"Thank you Matt, Frank, & Sue, for making my 40-yr dream come true for the hunt of a lifetime in the mountain wilderness of Alaska. When it comes to hunting trophy sheep, your outstanding knowledge, skills, and abilities are only exceeded by your good-heartedness and integrity; I'll be back!" Thanks Sue for a great hunt. "Sue, Frank, and Matt, you folks are among the kindest, most good-hearted, hard working people I've ever met, and you're the absolute tops when it come to sheep hunting. Other top name guides may be great hunters, but in my opinion, Frank, Sue, & Matt are the GREATEST hunters! Honest to God, you guys (i.e. Alaska Hunting Adventures) are simply awesome."

I just wanted to thank you again for a wonderful hunt and experience in Alaska's Tok Management Area. It is a trip I will never forget and it will be difficult to beat. In fact, I look forward to hunting with you again in the near future.

I can't resist reminiscing that at approx. 8:15 am one year ago today, - Frank & I were relishing in one of the GREATEST moments Alaska can offer up!!!!!!!!!!!! That day will always be extremely SPECIAL to me !!!!!!!!! I know it sounds a bit "sappy" to talk like this, but to talk about that hunt still makes me rather "giddy"!!!!!!!!!!!! That is an experience I'd love to have again !!!!!!!!!!!!!!!!!!!!!!!!!!!!! THANKS A WHOLE BUNCH GUYS!!!!!!!!!!!!

Matt and his folks Frank and Sue Entsminger did an outstanding job. Their hospitality and knowledge of the area and the sheep far exceed our expectations. I have been a registered guide in Utah for the past 15 years and can, without hesitation, state that Matt never oversold his sheep hunt. The area and conditions were difficult as is sheep hunting, however, Matt's pre-hunt information was reliable and very helpful. Matt certainly should be commended as a very effective and skilled outfitter. I would recommend Alaska Hunting Adventures to any future Governor Tag recipients as an outfitter that is honest and full of integrity.

My hunting experience with Matt and Frank was absolutely the ultimate! I would purchase the tag again in a heartbeat. They knew the area, and where to look for the trophy rams. I have experienced hunts of this quality where the outfitters had a superior attitude. This was not the case with Matt and Frank, and I would greatly endorse them. I was treated with courtesy and respect, and would be happy to provide a phone reference.

My guide, Matt comes from a family deep in tradition of serious sheep hunting fanatics. Being a resident of the Tok area, Matt is no stranger to the TMA. Matt's knowledge of the area & sheep, along with understanding the limits of his hunters stamina, put me on a fine ram measuring 39 1/2 x 39 1/2 x 13 3/4", a true trophy. Many thanks, Matt

There are only a few people that I would say have as much or more knowledge of and experience in the TMA than I do. Those people are Matt Snyder and his parents Frank and Sue Entsminger. I see and fly for a multitude of guides each year. The preparation and effort that Matt puts in to his hunts far exceeds what I have seen from any other guide. If I wanted to go on a guided sheep hunt in the TMA or the Delta Controlled Use Area. There is no doubt in my mind who I would call.

I've known Matt Snyder since 1978 when I was the Tok Area Biologist, 1978 to 1991, with the Alaska Department of Fish and Game. If you hunt with Matt, you'll be hunting with the best professional hunter guiding in one of Alaska's finest trophy areas, the Tok Management Area. Matt is one of the most competent and dedicated big game guides in Alaska. He grew up in the heart of the magnificent Eastern Alaska Range & the Tok Management Area learning trophy Dall rams hunting from his parents, Frank & Sue Entsminger. This family knows the TMA from years of experience. Because Matt pilots his own Super Cub, he knows the population status and their seasonal distribution patterns."
